

A Proven Solution

A Proven Solution

PowerSchool is the leading and fastest growing student information system (SIS) available today, supporting nearly 10 million students in all 50 states and over 65 foreign countries. Last year, more schools and districts selected PowerSchool than any other SIS product on the market. Today, PowerSchool supports a wide range of implementations – including schools as small as 25 students, districts as large as 80,000 students, and statewide deployments.

Impact to Student Achievement

The deep functions of PowerSchool allow today's educators to make real-time decisions about each student, while creating a collaborative environment for parents, teachers, and students to work together to prepare students for the future. Access to real-time information allows student performance to be addressed in a timely manner.

Easy to Learn, Easy to Use

By leveraging the latest web technologies and evolving web design standards, PowerSchool presents users with a clean interface that is easy to learn, and easy to use. With over a decade of experience as a completely web-based system, PowerSchool stands alone as the deepest and most flexible SIS available to meet the needs of K-12 districts. Through SIF® Compliance, an open platform, and the ability to share enhancements with other users, PowerSchool allows each customer to easily tailor the best solution for their needs.

Special Education is About the Students... Not Paperwork

SPEDASSIST, developed by Imagination Plus, provides the most efficient, feature rich, and user-friendly special education solutions. Leveraging cutting edge web technologies, SPEDASSIST provides an intuitive environment for collaboration, knowledge transfer, needs assessment, and specialized curriculum delivery. This solution effectively reduces administration overlap, improves accuracy, and saves you time. And because SPEDASSIST is entirely web-based, you can access your special needs students' information whenever – and wherever – you like.

The Experience to Make a Difference

Imagination Plus has worked with partner districts for nearly ten years to develop assessment and monitoring workflows, as well as advanced analysis tools. Special needs information follows the student from school to school throughout their scholastic career. The SPEDASSIST data compliance module can be customized to ensure data meets your Provincial or State data reporting requirements.

Changing the Face of Special Education

SPEDASSIST understands that making smart investments in information technology and working with people who are involved in special education will result in a more cost effective and efficient special education system. SPEDASSIST Special Education Management Solutions and PowerSchool can be an integral part of your success.

PowerSchool® Partner

PowerSchool

About Pearson

As the industry leader in SIS and performance solutions, Pearson offers schools and districts access to deep expertise and an unparalleled selection of technologies that address the challenges of achievement, reporting, growth, and scalability. Our student information systems enable schools and districts to leverage technology to ease reporting burdens, open up lines of communication, and simplify internal processes, such as scheduling and grading.

We believe that providing today's schools and districts with a choice of flexible, interoperable, and customizable technology solutions is critical to establishing the infrastructure needed to power performance across all stakeholder groups, be it schools, districts, administrators, teachers, or students.

About Imagination Plus

In addition to award winning website design, Imagination Plus also provides custom application development services and systems integration in both open source and Microsoft technologies.

With nearly a decade's worth of experience working with special education teachers, IT departments, and senior management on special education challenges, Imagination Plus understands the process and the needs of students and stakeholders alike. We believe that together with school boards we can be a powerful instrument of change, driving solutions that will provide responsible innovation today and measurable improvement in the future.
